

Indo Mediterranean Urology Conclave

Continuing in the footsteps of two very successful overseas trips – Philippines (2017) and Mauritius (2018); North Zone Chapter, Urology Society of India travels to East Mediterranean.

The Indo Mediterranean Urology Conclave is from 29th September to 6th October. The cruise is from Sunday to Sunday so two weekends and Gandhi Jayanti holiday make the timing attractive. The conclave shall be held on board a cruise liner – Costa Deliziosa. This is a Costa cruise which is Europe's largest cruise company.

The cruise departs from Venice and also ends at Venice. The cruise ship has stops at Bari (Italy), Corfu (Greece), Santorini (Greece), Mykonos (Greece) and Dubrovnik (Croatia).

The cruise tariff has been negotiated at 60% of the usual rates. The Registration for this conclave is all inclusive and includes air fare, transfers, all meals, unlimited beverages, multi entry visa, travel insurance and GST. The shore excursions and usage of spa and casino are additional expenses for those inclined.

The theme of the conclave is Paraurology, a neglected area of Urology. The detailed list of topics and speakers shall be announced shortly.

Look forward to yet another overseas excursion of North Zone.
